

LÁMPARA DE RECONOCIMIENTO DOBLE DE TECHO SERIE IGLUX CON REGULACION DE CAMPO  
Ceiling lamp of recognition IGlux series with double headlight & regulation of the field

| CARACTERÍSTICAS TÉCNICAS                  |                                                                        | TECHNICAL CHARACTERISTICS                  |
|-------------------------------------------|------------------------------------------------------------------------|--------------------------------------------|
| Fuente de luz                             | LED                                                                    | Light Source                               |
| Temperatura de color                      | 4500 °K                                                                | Colour temperature                         |
| CRI (Ra)                                  | > 96                                                                   | CRI (Ra)                                   |
| Intensidad lumínica                       | 1m - 75.000 lux + 75.000 lux                                           | Luminous intensity                         |
| Vida media LEDs                           | 60.000 h                                                               | Average LEDs Lifetime                      |
| Regulación de intensidad                  | 25-100%                                                                | Brightness control                         |
| Diámetro campo a 1 m d <sub>50</sub>      | Ø 110 mm - Ø 150 mm                                                    | Light field diameter at 1m d <sub>50</sub> |
| Diámetro campo a 1 m d <sub>10</sub>      | Ø 210 mm - Ø 290 mm                                                    | Light field diameter at 1m d <sub>10</sub> |
| Profundidad de iluminación (L1+L2) al 60% | 85 cm                                                                  | Depth of illumination (L1+L2) at 60%       |
| Voltaje                                   | 100-240 V<br>47-63 Hz                                                  | Voltage                                    |
| Potencia                                  | 124 VA                                                                 | Power consumption                          |
| Número de LEDs                            | 19                                                                     | Number of LEDs                             |
| Peso bruto / neto                         | 24 kg / 21 kg                                                          | Gross /net weight                          |
| Dimensión de embalaje                     | 108 x 35 x 29cm                                                        | Packing size                               |
| Normas aplicadas                          | EN60601-1, EN60601-2-41, EN60601-1-2,<br>ISO 1497, ISO 13485, ISO 9001 | Applied standards                          |
