

The image shows a close-up of a surgical light fixture. The main part is a large, circular, white ring with several smaller circular lamps inside. One of these lamps is illuminated, showing a bright white light. To the right, there is a handpiece, which is a white, cylindrical device with a blue ring and several small, circular lenses. The word "ORDISI" is printed on the side of the handpiece. The background is a light blue color.

Lámparas – Lamps
L21-25TD

Lámpara de examen modelo L21-25TD

Examination lamp model L21-25TD

Lámpara doble de examen con LED de alto rendimiento, que garantizan una excelente iluminación del campo. Destacando su cantidad y calidad de luz, luz fría sin infrarrojos, con una temperatura de color apropiada, larga duración de vida del LED y menor consumo eléctrico.

Examination lamp with double headlights and high performance LED, which guarantee an excellent field of illumination. Its quantity and quality of light are outstanding, cold light without infrared, with a suitable colour temperature, long lifetime LED and less power consumption.

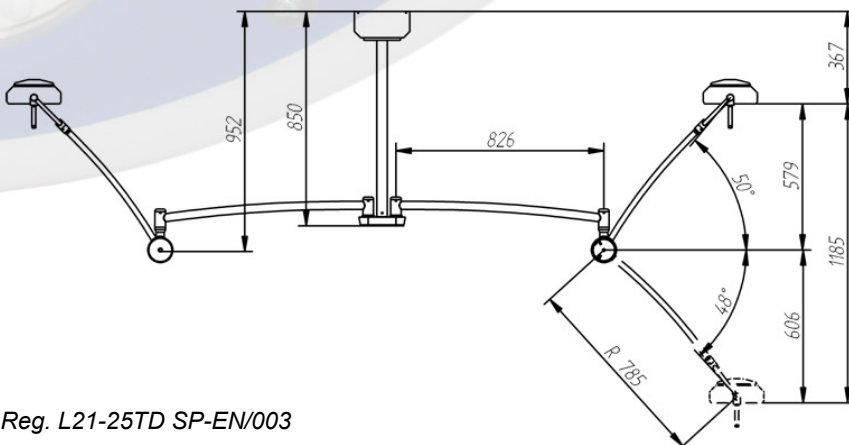

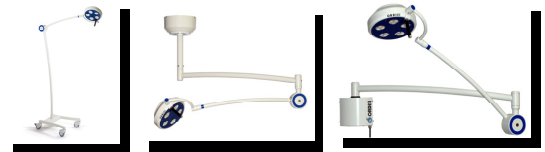

DATOS TÉCNICOS

Intensidad lumínica	100 cm : 60.000 + 60.000 lux	TECHNICAL DATA
Temperatura de color	4.750 °K	<i>Illumination intensity</i>
Ø campo de trabajo	Ø a / to 100 cm : 15 cm	<i>Colour temperature</i>
Número de LEDs	15 + 15	<i>Ø Light field</i>
Vida media LED	50.000 h	<i>Number of LEDs</i>
Potencia	72 W	<i>Lifetime LED</i>
Voltaje	100 – 240 V / 47-63 Hz	<i>Power</i>
Mango esterilizable	Si / Yes	<i>Voltage</i>
Tamaño de la cúpula	Ø 215 mm	<i>Sterilizable handle</i>
Color	RAL 9002	<i>Size of light head</i>
Peso bruto / neto	23 Kg / 19,5 Kg	<i>Colour</i>
Dimensión embalaje	108 x 36 x 44 cm / 0,171 m ³	<i>Gross Weight / Net</i>
		<i>Packing size</i>
